

Here are some things to keep in mind:

- Reading 15 minutes or more every day will help your child maintain the skills they have worked hard to establish.
- Talking about what he/she has read is a good way to strengthen comprehension skills as well as communication in general.
- Writing is also important – keeping a summer journal, diary, writing letters, or postcards to family are fun and authentic ways to keep writing skills sharp.
- Here is the Elementary English Language Arts Parent Support Link filled with many wonderful resources for each grade level including summer reading lists.

- Students in Kindergarten through 2nd Grade have Raz Kids Accounts to listen, read, and answer questions through the summer months. Please check with your child's homeroom teacher if you need your child's account information. <https://www.raz-kids.com/>
- All students are able to access their Clever account to get to MackinVia that is filled with many FUN and engaging databases for students as well as DREAMBOX. All students can access these learning sites throughout the summer months. Should you need any help accessing MackinVia or your child's DREAMBOX account please reach out to your child's classroom teacher. Here is the link to access Clever:

- In the link is a Summer Fun Calendar filled with reading and writing activities that your child can do throughout the summer months.

Wishing all a safe and happy summer and remember to read, read, read!!! 😊

Fondly,

Mrs. Natalie Miskimins
